Modular stand 1 | Octanorm | 6 m²

Please note

The prices *per event* are valid for the duration of up to three event days.

The order must be placed 14 days prior to the first day of setup.

The type of stand and its height are to be discussed in due time prior to the event. The stand can be provided in a row, or as a corner or end stand without additional charge. By default, the modular stand is provided as a row stand with a height of 250 cm | For rooms B 01.01, B 01.02 and B 01.03 the stand system will be provided with a height of 230 cm.

Additional stand constructions are available upon request.

Additional services

digital colour print for fascia board 40.7 cm - 290.7 cm x 27cm (W x H)	68.50 EUR per piece
digital colour print for Octanorm wall panel 97 cm x 240.7 cm (W x H)	130.00 EUR per piece 117.50 EUR per piece (from 5 piece)
additional stand cleaning per m ²	1.05 EUR per day

Notes and additional services

Further additional services are available on request.

For the printing of wall elements or counter the print file has to be sent to us no later than 14 days prior to the start of the event. | Please send the file either on CD, DVD or via e-mail.

Please send the print file as a vector graphic in EPS and PDF format on a scale of 1:1. | Image data should at least have a resolution of 72 dpi when a scale of 1:1 is used.

A blank frame around the document format needs to be created when using certain graphics software, such as CorelDraw, Freehand and Illustrator. This is required as these programs do not import the document format into the EPS file.

Please convert fonts into curves/paths.

A colour sample and exact colour specifications have to be submitted to the bcc GmbH if specified colours are used. | The overprint settings should be checked if objects are on top of each other as objects that are overprinted unintentionally will result in the occurrence of colour adjustments in the affected area.

By default, a simple daily cleaning of all stand floorings is included. | The additional cleaning also includes the cleaning of the stand equipment
